

UNIVERSITY GRANTS COMMISSION
BAHADURSHAH ZAFAR MARG
NEW DELHI – 110 002

**REPORT OF THE UGC EXPERT COMMITTEE ON INSPECTION OF
MANGALAYATAN UNIVERSITY, MATHURA-ALIGARH HIGHWAY,
33rd MILESTONE, P.O. BESWAN, ALIGARH – 202 145
DURING MAY 12-14, 2011**

I. Background of the Institution

- (i) Mangalayatan University has been established by Uttar Pradesh Act No.32 of 2006, notified vide notification No. 362/VII-V-1-1(Ka)-12/ 2006 dated 30th October, 2006. The University is promoted by Acharya KundKund Educational Society, Aligarh (registered under the Societies Registration Act, 1860) which symbolizes the ultimate resource which underlines well-being and prosperity. However, the University started functioning from the academic session 2007-08.
- (ii) The University is located in the State of Uttar Pradesh in a rural area on Aligarh -Mathura Highway. It is situated on a contiguous plot of land measuring 52.61 Acres. The University is a multi-disciplinary University with the Institutes of Engineering, Management, Biomedical Education, Journalism & Mass Communication, Visual & Performing Art, Education, Tourism & Hospitality Management, Computer Application and Legal Studies.
- (iii) The University has a total built-up area of 48,526.17 sqmtrs (5,22,141.59 sqft) consisting of academic blocks ,hostel blocks, faculty residence blocks, guest house, administrative blocks, central library, cafeteria. The construction activity progressing in various multi-storeyed buildings of the University having covered area of 15,418.60 sqmtrs (1,65,904.14 sqft) is due to be completed by end of Jul 2011.
- (iv) The University has its own Health Centre which provides free medical facilities to the students and consultation to the staff. The University also has a tie-up with the following hospitals for Medical Services to the staff and the students:
 - (a) Dr. Maheswari Hospital, Aligarh &
 - (b) Rathi Hospital, Aligarh.
- (v) The University is presently running UG and PG Programmes in Management, Computer Application, Journalism and Mass Communication, Visual & Performing Art, Pharmacy & Bio-Medical. It is running UG Programmes in Mechanical Engineering, Civil Engineering, Electronics & Communication Engineering, Computer Science Engineering, Information Technology and Electrical & Electronics Engineering and B.Ed (Innovative).

The University has introduced PG programmes in Electronics and Communication, Instrumentation and control for the Academic session 2011-12.

The University has started LL.M. programme in the Institute of Legal Studies and Research from the academic session 2010-11 and has also applied to BCI for the introduction of LLB, BA.LLB (inspection awaited) from current academic session.

The University is also running a Diploma in Aviation, Hospitality, Travel and Tourism Management in Institute of Tourism and Hospitality Management.

The University has launched Doctoral Programme in various institutes from the academic session 2010-11 for which 212 applications have been received and 40 students are enrolled in the same.

(vi) The University in the first instance would launch the following UG and PG programmes from the academic session 2011-12. The university would bear in mind to obtain the recognition of courses wherever necessary.

- a) BA.LL.B (5year course)
- b) LL.B (3 year Course)
- c) B.Ed (Elementary)
- d) M.Ed (Integrated)
- e) M.Phil (Education)
- f) M.Tech (Electronics & Communications/Instrumentation and Controls)
- g) Master of Financial Engineering (MFE)
- h) Master of Family Business Management (MFBM)
- i) M.B.A (International Business Management)
- j) M.B.A (Retail), Supply Chain Management, Energy Management
- k) MA (Business Economics)
- l) Post Graduate Diploma in Business Management (Banking and Insurance, Financial Management)
- m) M.Pharm (Pharmaceutical Analysis, Pharmaceutical Bio-Technology)
- n) B.Pharm (Ayurvedic)
- o) Post Graduate Diploma in Journalism & Mass Communication
- p) M.Tech (Biotech)
- q) Bachelor of Tourism and Management

(vii) As a second priority, the University proposes to launch the following UG and PG programmes from the academic session 2012-13:

- (a) M.Tech (Computer Science, Electrical and Electronics, Product Designing)
- (b) B.L.I.Sc
- (c) M.L.I.Sc
- (d) M.Sc. (Industrial Mathematics)
- (e) M.Sc. (Applied Mathematics)

- (viii) Under the Faculty Development Programme (FDP), the faculty is encouraged to participate in National & International Conferences/Workshops/Seminars for which financial support is also provided. The University also facilitates the faculties to go for higher studies and research after taking leave from University. To strengthen the FDP a proposal to establish an Academic Staff College on the Campus has been sent to UGC for funding.
- (ix) The University has set up a Communication Services Department (CSD) for providing Wired & Wireless connectivity in the campus. University is having a dedicated 12 MbPS Internet connectivity from Reliance Infocomm and 1GB connectivity (150 MbPS for Internet and 850MbPS for Educational Services) from BSNL under MHRD Scheme. Our present infrastructure can support upto about 1500 computers (both Desktops & Laptops) and our present load on the network is about 1000 simultaneous users. Dedicated servers have been installed for different user groups and are guarded by firewalls for security. ERP (HR, Stores, and Student management), Library, Finance and Data Center Operations are some of the applications running in our Intranet. Use of paper has been reduced considerably with these applications. A separate domain is set up for management of email services of University staff.

An English language lab is available for training the students on Communication (speaking, reading & listening) skills. The University Computer Centre caters to the needs of Research and Academic works. It also supports the Institutes for their general software requirements.

- (x) The University has a spacious Central Library and three Departmental Libraries, one each in Institute of Education & Research, Institute of Bio-Medical Education & Research and Institute of Legal Studies and Research with total 25785 books. The University also subscribes National & International Journals and online journals.

Photocopy and Internet facilities are also available in the University Library.

Library has installed latest Data Based Library Management software called "Libsys".

- (xi) The University has already constituted various statutory bodies like Court, Executive Council, Academic Council, Finance Committee, etc. which are functional and the minutes of the meetings are maintained.
- (xii) The University has constituted separate Grievance Redressal Committees for teachers, students and non-teaching staff. It has also constituted a GSCASH Committee to deal with the complaint of sexual harassment, if any.
- (xiii) The University has taken sufficient care to prevent Ragging including the constitution of Anti Ragging Committee at the University level as well as at the Institute level.

- (xiv) The University encourages the students to take up social causes and to promote the same the students have started three clubs, i.e. Kadam, a social awareness club; Parivartan, an environment protection club and Technological club. The University also organizes various co-curricular, sports and cultural activities from time to time. All these activities are regulated through the Students Activities Council, which is consisting of teachers and students.

II. Composition of the Expert Committee

1. Prof. Mohd. Miyan Chairman
Vice-Chancellor

Member-Secretary

Prof. Shailendra Saraf, nominee of Pharmacy Council of India could not join due to last minute cancellation of Air India flight. He did send an SMS on 12th May, 2011 stating the situation and saying that he was unable to attend the meeting.

Prof. M S Turan was with the Committee on the first day of the visit i.e. 12th May, 2011. Because of some emergency at his university and on the call of his Vice-chancellor, he left on 13th May, 2011. Prof. Turan had submitted his assessment before leaving.

The Committee visited the campus of the Mangalayatan University on May 12-14, 2011.

- (i) On arrival at Mangalayatan University, Aligarh (U.P.) Campus on May 12, 2011, the Committee was received by Prof. S.C. Jain, Vice-Chancellor, Prof. V.G. Patel, Pro-Chancellor, Prof. S.P. Mathur, Pro Vice-Chancellor (Academic & Faculty), Deans, Head of Departments, Registrar and other functionaries of the University. After introduction and welcome, a power-point presentation on Mangalayatan University was made by the Vice-Chancellor highlighting its Academic Programmes, physical infrastructure, major achievements and a blue print for the future growth. In the interaction session that followed, the Chairman and Members of the Committee sought clarification on various issues that came-up in the presentation made and the information provided by the University in the pro forma submitted to the UGC. The Vice-Chancellor clarified the position and emphasized upon the progress made by the University. A little before lunch, the Committee had a brief meeting with the Chairman, Vice-Chairman and Members of the Board of Governors, to assess their vision about the University.
- (ii) The Committee visited all the nine Institutes on the Campus for an on the spot assessment of Infrastructure, Laboratory facilities, Academic programmes etc. The committee was also given an in-depth status of the training and various placement efforts and structures that were in place to enable the same. At the end of the day, on return to the place of stay, the Committee had informal discussions on proceedings of the day.
- (iii) The next day, i.e. May 13, 2011, the Committee visited the Boys & Girls Hostel; Mess; Gymnasium; Health Centre; Books & Stationery Shop; Cafeteria; Sports facilities; Central Library and the Examination cell. Post lunch, the Committee interacted with all the stake holders, i.e. the teaching and the non-teaching staff and the students of the University. The committee also visited HR and Pay roll department; Students document section; Accounts section; Information Services Department (ISD)/ University Computer Centre; Students Activities Council, Medicinal Garden, Construction department and Central workshop.

- (iv) Finally on May 14, 2011, after visiting the Auditorium, the committee had its final meeting with the Vice-Chancellor and the University functionaries to seek further clarification/information relating to the inspection. At the end, the report was finalized for submission to the UGC.

III. Inspection Report

S.No	Observation points	Comments
1.	Name of the University with notification No. & date of State Govt.	Mangalayatan University established by Mangalayatan University Uttar Pradesh Act (No.32 of 2006). Notification No.362/VII-V-1-1(Ka)-12 / 2006 dated 30 th October, 2006. <u>Annexure-A</u>
2.	Registered Office of the University	33 rd Milestone, Aligarh Mathura Highway, P.O Beswan, Aligarh, UP – 202145
3.	Name & Head-quarters of the Society/ Promoting Agency	Acharya KundKund Educational Society (Registered under the Societies Registration Act ,1860). "Vimlanchal", Harinagar,Gopalpur, Aligarh UP Pin-202001 <u>Annexure-B</u>

- Security System

Outsourced to Eagle Hunters Solution Pvt. Ltd.

Total Manpower deployed at Mangalayatan University Campus

Assignment Manager : 01
 Security Officer : 03
 Security Supervisors : 07
 Security Guards : 56
 Gunmen : 18
 Lady Searchers : 04

-Security agency is equipped with:

Walky-Talky, Mobile phones for better and quick correspondence.

- Close circuit Cameras are fitted at important places to monitor the activities.

IV. Observations and suggestions of the Committee : -

The Expert Committee constituted by the UGC visited the Mangalayatan University on May 12 – 14, 2011. To begin with, the Expert Committee interacted with the Vice-Chancellor, the Chairman of the Society in order to know the status and the vision of the Institution. All the existing academic units were visited by the Committee and fruitful discussions were held with the faculty in their own institutes. The Committee also has had interaction with the staff and Co-ordinators/In-charge of other faculties like the Central Library, Information System Department and visited sport facilities, hostels and other student support sources etc.

The representatives of three major stake holders namely, students, teachers the administrative and secretarial staff were also invited by the Expert Committee and detailed discussions were held about their perception of faculties, available & required, satisfaction level, infrastructure, research status and welfare services etc.

The Expert Committee also examined the record maintained by the University's finance, Administrative, Examination wings etc. Audited report for the years 2008-09 and 2009-10 were made available to the Committee. The preparation for audited report for the year 2010-11 is under process. However, the provisional statement of accounts for the said period was presented. The financial health of the University is satisfactory, the administrative structure is coming up and the Examination Branch is busy with conducting the examinations. Evaluation work is taken as a part of duties by the faculty.

The library facilities are adequate and are partially computerized. Computerization of issue and receipt process is underway; the work is almost at the verge of completion. There are two departmental libraries also: Education and Bio-technology/Pharmacy.

The Committee took note of the fact that University is in its infancy (established in 2006), needs time to properly develop its various faculties, structures and systems. The master plan of the University is very impressive, the committee opines that if it is gradually materialized, the university could be a Model Private University as regards the infrastructure and facilities are concerned. The Committee felt satisfied with the existing infrastructure and new ones coming up which would be ready in a year or two. The buildings are well designed and will be proved useful from the points of view of requirements of different disciplines. From architectural points of view, they are also safe.

Currently there are nine institutes, each headed by a Dean. The Institutes of Engineering and Technology and Bio-medical Education and Resource (including Pharmacy) are the biggest attraction for the students. Apart from technical and professional courses, the University's support for fine arts is heartening.

As regards the recognitions of courses by the professional bodies, the university has obtained the NCTE's recognition letter for their B. Ed (Innovative) programme vide NCTE's letter No.61-1/2007/NCTE/Acad dated 8 Sep, 2009.

With reference to the B. Pharma, the University has been allowed by the Pharmacy Council of India (PCI) for an intake of 60 for the year 2011-12 in continuation of its recognition of the course from 2006-07. The University has also submitted its application to Bar Council of India (BCI) for approval of its law courses.

Regarding the B. Tech and Management courses, the University is planning to approach the AICTE for recognition though a University is authorized to start any courses without even obtaining recognition from the Apex Bodies (SC's verdict in Bharthidasan case) but in the interest of employability of the product this needs to be done.

However, the University has given an affidavit that the norms prescribed by the All India Council for Technical Education (AICTE), and Bar Council of India (BCI) are being followed.

For the given students' population (2586) the infrastructure and lab facilities etc. are adequate. However, the management may consider improving some of these in terms of equipments and the optimum utility of the laboratories. The University may think of giving international exposure to students by signing agreements with foreign universities for student exchange programme.

The University's first statutes are available. It also needs the ordinances and/or regulation relating to various academic and administrative aspects including the appointments, services conditions, discipline etc. which the university should take up at its earliest.

The Institutes which are having few courses may be reorganized so that the administrative structure could be made more efficient. Gradually when the departments under an Institute are sufficiently developed they would also require separate administrative support. Currently, the administrative staff services appear to be more than required. The University can take advantage of the situation and establish support units for institute/ Departments.

As University is quite far away from the main cities on either side, it would be advisable to provide more staff quarters to attract good faculty. The welfare measures taken by the university like accidental insurance should be brought to the notice of likely beneficiaries. Medical Insurance facilities should be explored for all students, faculty and staff. Rationalization of salaries for various sections need to be undertaken by the University. Further, loan facilities for the employees be created either by the University on its own and/or in collaboration with certain banks for which University may stand as a guarantor.

Facilities for the staff development required to be created by the University or they should be facilitated to undergo refresher/orientation courses at other places for which the University may make provision for paid leave/study leave. Though, the University has plans to give incentive for paper presentation even abroad, the regulations in this connection need to be formalized.

As regards the courses and syllabi, the university follows the path of SWOT analysis. The university further requires to bring the objectives; syllabi and related regulations of each course in printed form and may also put on their website. As regards admission, it is suggested that the University, being in the rural area, gives certain fee concession to students coming from nearby areas and/or reserve certain percentage of seats for them. This will go a long way to serving the rural community and also earning good will of the neighborhood.

The University may expand its area of extension work as regards the social issues including extending a helping hand in increasing the enrolment in primary schools by acquainting with the advantage of educated individual (and society) and motivating the parent to send their children to schools.

Specifically, in the Institute of Business Management, the university is running some courses which are not specified as per UGC norms such as Master of Financial Engineering and Master of Family Business Management. These courses need restructuring so that their products do not have to face difficulty in the job market.

The University is also running MBA (Bio-Technology) and MBA (Pharmacy), the students of these courses are taught by Faculty of Management. It is, therefore, imperative that additional faculty be deployed for the purpose.

The general infrastructure in IBM appears to be good. The number of computers needs to be substantially increased so that there are at least one computer/two students. The IBM needs more professional support particularly at the top level.

As regards the Law Department it would be strengthening the academic environment if it subscribes to the leading case Law Journals i.e. All India Reporter, Supreme Court cases etc. It is also desirable to have a departmental library. Moot Court should be organized regularly for imparting practical training.

The detailed report in respect of the B. Tech courses, as directed by the AICTE, will be submitted to the AICTE first by the AICTE nominee(s) which will be assessed at their level and passed on to the UGC. In general, the infrastructure and human resources seem to be adequate.

The department of Pharmaceutical Science under the Institute of Bio-Medical Education and Research has, by and large, adequate infrastructural facilities, but needs to be augmented in respect of the faculty and technical staff, books and reference books, proper storage of chemicals etc.

Relating to the Institute of Education and Research, the innovative course of B. Ed is a wonderful experiment. But it requires special attention of the faculty to execute the idea. Moreover, of the allotted seats 100, there are a little more than 60 enrolments. Faculty should strive to popularize the course. In Mass Communication and in Visual and Performing Art, the senior faculty is to be appointed with appropriate qualifications.

V. Specific Recommendations of the Committee, if any

The Expert Committee, based on interaction with various stake holders in the University and its observations, recommends that Mangalayatan University, Aligarh be included in the list of UGC as per provisions of the UGC in respect of Private Universities.
