Dear Sir, Madam,

It is my pleasure to send you this year's information package for the Study in Holland campaign 2008-2009. In the next academic year, Dutch universities, universities of professional education and institutes for international education offer about 1,300 courses taught in English, all of which can be found on the CD-ROM.

This year, your Study in Holland information package contains copies of:

- The catalogue 'International Degree Programmes'
- The brochure 'Life and Study'
- A CD-ROM containing general information on Study in Holland and a copy of the database 2008-2009 of 1,300 international programmes and courses
- A leaflet with specific information on PhD programmes in Holland
- A bookmarker with useful websites
- Posters

Please find the order form enclosed in case you need more copies of any of these items.

All the information in the brochure, catalogue and on the CD-ROM (including the database with international study programmes and courses, which is updated regularly), can also be found on our website www.studyin.nl. We would highly appreciate it if you could take up this link on the website of your organization.

We hope you will find our promotional materials useful for drawing attention to the possibilities for study and training in Holland. If you have any comments or questions about our information, please let us know. We appreciate your feedback.

Yours sincerely,

Robert van Kan
Head Education Promotion
