On the basis of these discussions which the members of the committee had and the documents with the members of the committee perused the committee would like to make the following observations and assessments of the performance of the university during the 10th Plan Period.

A. Infrastructural Facilities

The university was established in the year 1981 and during the period of 10th Five Year Plan, it has made commendable progress with regard to development of infrastructural facilities (buildings). During the 10th Five Year Plan, the university undertook construction work of various buildings for departments , auditorium, Staff III and Staff IV quarters, Guest house and Girls hostels, Health Centre etc.

B. Campus Development

During the period under review , the university has developed its campus. The development is quite impressive. There is a network of well constructed roads and plentiful plantations and landscaping all around the campus. . Every road has entry and exit gates too for security purposes.

C. Equipment

The University office and offices of the centres, departments etc. are very well furnished. Most of the departments and centres have computers softwares and other instruments. Student amenities, such as the provision for drinking water and sanitation are made in almost all the buildings.

D. Academic Activities

From the documents presented to the Committee and through the narrations of university authorities and faculty members, it was revealed that the university has been academically quite active and vibrant.

In order to have stability and commitment of teaching staff, the teachers should be appointed on regular basis as per the prescribed pay scales in all the courses . The service conditions such as leave rooms should be applied to all the teachers of aided scheme courses.

There should also be sharing of infrastructure, equipment and laboratory facilities among different departments and courses, self financing as well as aided.

E. Central Facilities

1. Women hostel building is ok but is inadequate keeping in the no. of women students .
2. Building of Health Centre is ready . All buildings sanctioned under X plan are completed and are in use .
3. No. of books in the library are encouraging but up keep is far from satisfactory .
5. The Gymnasium has equipment where students are everyday to work on their muscles . more equipment however is needed .
6. There is a need of appoint of Semi professional assistant in the departmental and central libraries .
7. The digital library concepts has to be apprehended .
8. There is an urgent need to make the teaching faculty and non teaching staff to be made computer literate. As such System Analyst , Programmers, Instructors , data entry operators be provided . This will also help the Computer Centre and institution in every way .
9. For efficient teaching pedagogy , LCDs ,computers needed to be provide.
10. Play grounds , campus development , Men Hostel , some roads needed a priority .

Funds Utilization

The university had been allocated Rs. 235 Lakhs under 10th Five Year Plan. The details are as follows :

Building	-	192.00
Equipment	-	10.00
Staff	-	---
Books & Journals	-	10.00
Others	-	23.00

However due to certain insurmountable difficulties the university could not utilize the allocated funding for those specific purposes. According to the statement given by the Registrar of the university, the unspent amount from the sanctioned grants comes to 47 lakhs which may be taken as spill over amount to be accommodated in the proposed amount of funding to be sanctioned for XI Five Year Plan Period.

All departments may try for some kind of industry link to enhance their value. If permitted by the State Govt. the university may try to generate the funds through projects to sustain itself.

The vacant sanctioned posts of the teaching staff may be filled up immediately so that the students may not suffer in future.
