B.Com Programme Report

Origin of the University was the Noorul Islam College of Engineering which has started during 1989 under Noorul Islam Centre for Higher Education (NICHE). It has been declared as a Deemed – to - be University by the Ministry of Human Resource Development, Govt. of India under section 3 of UGC Act 1956 on 8th December 2008. The University conducts many courses in Engineering and Technology over the post 10 years . Now this Institution has grown itself into one of the best Universities in India. It offers more than 18 undergraduate courses and 9 P.G Courses. It conducts the M.Phil. and Ph.D. programmes in most of the subjects. The university started Arts and Science courses in M. A. English, M.SC. Physics and M.SC. Chemistry during 2013 and, M.Sc. Mathematics in 2014 due to heavy demand for such courses in the southern end of Tamilnadu.

This university is a member of the International universities as well as the member in the Indian universities. It has been conferred as the best university in Tamilnadu during 2014 by one planet research-and Indo-Italian research centre. All the eligible courses have been accredited by NBA, AICTE, DGS and UGC. NAAC accreditation has been obtained and was adjudicated as 'A' grade in 2015. Our university has excellent placement record. A Nano satellite named NIUSAT was developed by our university, under the technical guidance and support from ISRO and launched on 23rd June 2017 by PSLV-C38 for the purpose of Agricultural crop monitory and Disaster management support applications.

The department of B.Com was started in NI University during the academic year 2016 – 17. The department is equipped with well qualified teaching faculty. It has about 1000 textbooks kept in the department library of the department of management studies. In the general library also about 1000 textbooks meant for B.Com was kept. Moreover, the department has smart classes to conduct seminars and group discussions. Often seminars and group discussions are conducted for the improvement of knowledge and personality development of students. The department organized National Symposium on 23rd February, 2017 and a National Conference entitled Micro and Small Enterprises and its impact on the socio – economic development of India on 18th August, 2017. Among the research articles received from scholars throughout India 60 research articles are published in the ISSN numbered NISMA Journal of the Department of Management Studies.

The curriculum of B.Com is of good standard and will make some of the students as good entrepreneurs and businessmen. There is lot of scope for the establishment of agro based micro enterprises in this district. This is because of the climate and agrarian nature of the district. The curriculum of B.Com of our university will definitely motivate the graduates to establish agro based micro enterprises in this district. It helps for creating more employment, income and purchasing power. Moreover, this programme will further motivates the students to go for higher education in this field.

There is good number of aspirants for the B.Com programme in Kanyakumari District and nearby districts of Tamil Nadu. This is because there are good job opportunities for B.Com. But the existing colleges are not sufficient to accommodate all of them. Hence, there is a need for a distant education mode to accommodate all the aspirants for the programme in this district and nearby districts of Tamil Nadu.
