Prof. Ved Prakash, Director, made a comprehensive presentation - describing genesis of the Institute, the aims and objectives of the Institute, academic activities and infrastructure facilities, major achievements, international collaboration, vision and strategies for institutional development

## **HISTORICAL PERSPECTIVE**

The NIEPA was established in the year 1961 as the UNESCO Regional Centre for Educational Planners and Administrators. In the year 1965, it was renamed as the Asian Institute of Educational Planning and Administration. The Government of India took over the Institute in 1970 and renamed it as the National Staff College for Educational Planners and Administrators. However, in 1979 the Government of India again renamed the Institute as National Institute of Educational Planning & Administration (NIEPA).

## **AIMS AND OBJECTIVES**

NIEPA is a premier organization in the area of educational planning & administration. It provides professional support to both Central and State Governments in matters relating to policy formulation and capacity building at all

levels of education. The prime concerns of the Institute have always been to conduct and promote research; build capacity in educational policy analyses, planning & management; and render professional support, including research based advisory services to the government.

The Institute undertakes important policy research not only to feed into its capacity building programmes but also to create new knowledge for supporting policy formulation, and designing education development programmes. The activities of the Institute can be grouped into the following five broad categories:

**(i) Research**

Undertaking and aiding research in educational planning and administration for the advancement and dissemination of knowledge;

**(ii) Capacity Building**

Conducting capacity building programmes, conferences, workshops, meetings, and seminars for educational functionaries of the Central and State and UT Governments;

**(iii) Consultancy**

Providing academic and professional support to Central and State Governments, and national and international institutions/organizations;

**(iv) Dissemination**

Acting as a clearinghouse of ideas and information; printing and publishing papers, periodicals and books on educational planning and administration ~~and~~ ;

**(v) Networking**

Collaborating with other agencies, institutions and organizations in India and abroad for capacity building and research.

**PHYSICAL INFRASTRUCTURE**

NIEPA has around 3.75 acre of the main campus located adjacent to the campus of the National Council of Educational Research and Training (NCERT). The campus houses:

- A three-storied office building with well furnished faculty rooms, administrative offices, Library and the Documentation Centre, well equipped Lecture and Conference Halls and classrooms, and a very good Computer Centre.
- A seven-storied Hostel Building having four Suites, fifty-six double bedded AC and Non-AC Guest Rooms, three AC Dining Halls, Doctor's Clinic, Branch of the Syndicate Bank and a Gymnasium.
- Good residential facilities including the Director's Bungalow, 8 units each of Type V, IV, III and II Quarters, and 16 units of Type I Quarters. The campus also has its own Electric Sub-Station, Pump House and a small 2-storied building for record keeping and housing Drivers Rest Rooms.
- The Institute also owns 25 units of Type III Quarters in Bindapur, Dwarka.

- It was also mentioned that the Institute is looking for land to have another campus to create necessary infrastructure to support its ever expanding activities.
- NIEPA is an IT savvy institution. Computers and Internet facilities have been provided to all members of the faculty and administrative & support staff. It has acquired 2 Mbps connectivity facility through ERNET backbone.
- All classrooms and Lecture Halls are equipped with computers, LCD, and modern board facilities.
- NIEPA has also a very good Documentation Centre having comprehensive collection of official documents, reports, survey documents and five-year plan documents, even up to the district and sub-district levels.
- Other support Units of NIEPA includes the Publication Unit, the Hindi Cell and the Cartography Cell.

## **LIBRARY**

NIEPA's library is considered as one of the best in South Asia for reference services in educational planning and management. The library is electronically connected to 970 libraries in India and abroad through ERIC and DELNET. It has over 60,000 books and 350 Indian & foreign journals. The Documentation Centre of the library has unique collection of official reports, documents, five-year plans, dissertations, survey reports, statistical handbooks, etc.

## **ACADEMIC PROFILE**

The academic activities of the Institute have been grouped into three major categories, namely, (i) capacity building; (ii) knowledge generation including application and action research; and (iii) dissemination of knowledge, consultancy, professional support and publications.

### **NIEPA at present has nine academic units namely:**

- Educational Planning Unit
- Educational Administration Unit
- Educational Finance Unit
- Educational Policy Unit
- School & Non-Formal Education Unit
- Higher Education Unit
- Sub-National Systems Unit
- International Unit
- Operations Research & Systems Management Unit

A brief summary of activities undertaken by these units is given below:-

#### **1. Educational Planning Unit**

The main effort of the Unit is on integration of inputs, processes and products of planning at institutional, district, state and national levels. With the onset of liberalization of the economy, the focus has also shifted to strategic, indicative rather than comprehensive planning in conventional

sense. The Unit conducts training programmes, and undertakes research in these areas and also provides consultation to various bodies.

## 2. **Educational Administration Unit**

The focus of the Unit is on training and research in educational management. It conducts programmes for both institutional heads and area level officers. In view of the capacity building of massive number of institutions, this Unit has designed an innovative, multi-channeled distance learning system involving interactive television. Current emphasis is on courses in Total Quality Management in Education delivered through virtual classrooms. Another important focus is on planning and management of Resources in Education.

## 3. **Educational Finance Unit**

Educational Finance Unit, deals with policy issues, planning methodologies & techniques, and administration procedures and management approaches in financing of education including financial planning and management in education. The Unit focuses its activities - research, training and consultancy - around three crucial issues in financing of education, viz., mobilization of governmental and private resources, allocation of resources and utilization of resources in primary, secondary and higher levels of education, including higher technical education, on formal and non-formal forms of education, adult education and literacy. The research concerns of the Unit include issues in public financing of education, and internal and external efficiency of investment in education.

#### 4. **Educational Policy Unit**

The Unit focuses its activities on educational policy analysis, policy planning, and evaluation of policy implementation at all levels -- school, higher, adult and distance education. It provides professional support to national and state governments in policy analysis and formulation. The Unit also works for capacity building of policy makers, planners, and administrators.

#### 5. **School & Non-Formal Education Unit**

The prime focus of the Unit is on the critical issues of school education, non-formal and adult literacy providing strong empirical base in order to contribute more meaningful inputs for developing and improving education. The six-month Diploma course in Educational Planning and Administration; a regular contribution of this Unit is one of the most prestigious capacity building programmes of the Institute. The Unit maintains close linkage with government, non-government and international agencies for promoting collaborative research and capacity building programmes.

#### 6. **Higher Education Unit**

The Unit works for generation and dissemination of knowledge in planning and management of higher education; and developing the planning and management competencies among key personnel in higher education through training programmes and workshops and providing technical and professional consultancy to central and state governments and institutions of higher education.

## 7. **Sub-National Systems Unit**

The major focus of the Unit is on strengthening the capabilities of state and district level planners and administrators in decentralized and local level planning; capacity building of the faculty of District Institutes of Education and Training (DIETs) and State Institute of Educational Management and Training (SIEMAT). Research-based interventions in the reform programmes and evaluation studies of centrally sponsored schemes are other activities of the Unit.

## 8. **International Unit**

This Unit provides the international interface of NIEPA. The six-month International Diploma in Educational Planning and Administration (IDEPA) for senior educational policy makers, planners and administrators is the flagship programme of the Institute. In addition, the Unit offers country-specific programmes on educational planning and management. Comparative research on educational planning and management is another unique feature of the Unit.

## 9. **Operations Research and Systems Management (ORSM) Unit**

The Unit deals with various systems level management issues. These include logistics management, information system, control systems, computer applications, operations research in education, project formulation, monitoring and implementation, decision support system. It specifically focuses on capacity building in computer applications, and training in the design, development and implementation of EMIS in the country.

**COURSES OFFERED**

Currently, NIEPA offers the following programmes and support services:

- (i) Six-month National Diploma in Educational Planning and Administration (DEPA);
