The University is having a student intake of around 2000 and overall strength of students is around 4500.

## **Approvals & Accreditations**

The School of Technology is successfully running since year 2000 & is the backbone of the University. Initially the School got AICTE approval for specialization in three branches viz Electronics and Communication, Mechanical Engineering, Computer Science with an intake of 60 each. In the coming years the School further got Information Technology & Electrical Engineering approved by AICTE having the same intake of 60 each. Finally in the year 2007 three out of five branches i.e. Mechanical Engineering, Computer Science Engineering, and Electronics & Communication got NBA Accreditation. The school is a decade old now and has a long list of proud Alumni.

The next milestone in the growing years of Gyan Vihar was School of Pharmacy. The school came into existence in the year 2003 and is duly approved by AICTE & PCI. Besides providing a four year degree course for B.Pharma aspirants the School is also open for M.Pharma applicants with specialization in Pharmacognosy, Pharmaceutics, Pharmacology, Quality Assurance, Pharma Chemistry.

Another land mark in the history of Gyan Vihar is School of Hotel Management. The School got it's recognition in 2004 and has got AICTE approval. The course has an intake of 60 seats. It is one of the best & most recognized hotel institutes in the state providing a degree in Hotel Management.

Another feather in the cap is School of Management & Commerce, one of the most significant and premier management institutes since last five years. Currently courses like BBA, MBA dual and specialized course in MBA with Marketing, Finance HR, IB & IT are running.

Last but not the least Gyan Vihar ISBM is running PGDBM which is approved by AICTE.

## **Placements**

Gyan Vihar University has anchored many top companies for all branches and results are compelling as a significant number of students were selected in the campus placement. The continuous effort made by the placement department in the successive years has managed to place the students in top fortune 500 companies with an average package of 3.5 lakhs p.a. The corporate has shown deep inclination to short-list the students of Gyan Vihar University. The University has earned the reputation in the field of placements by striving hard in building long term relationships with our recruiters. Recently the University has conducted 27 campus events in last three months.

To name a few : India Bulls, Clarks Amer, Bharti Maxtel, J.K. Cement, Norvech Coxta Technologies, HH Biotech, Toyahoo India., Infosys, Cryo Bank, Pyrotech Electronics Pvt. Ltd., Metropolis Paper Industry, Vibrantworx Techserve Pvt. Ltd.

Training and placement cell addresses a wide range of career opportunities for the students and is involved in the coordination, administration and management of various career planning and placement programmes. University keeps a close liaison with the industries through its training and placement cell. The T&P department prepares the students to come

up with the expectations of the industry. The Students are groomed to be fit for the corporate. It is our continuous endeavor to host the visit of placement teams in our campus.

23	a) Research and Extension Facility	<p>Suresh Gyan Vihar University, Jaipur is a multifaceted university has emerged as a leading research oriented educational institute covering entire gamut of formal education like Engineering Management, Pharmacy, Bioscience, Education, and Hotel Management.</p> <p>The University's research and development department expresses a commitment to disciplinary excellence across the spectrum of Science, Technology, Management, Pharmacy and Education. It has undertaken several research projects in different area to combat the different challenges on the human and social impact of development in various disciplines. The creation of new knowledge through basic research, which is the ultimate source of innovation society, is the ultimate aim of the university.</p> <p>Research in Suresh Gyan Vihar University will continue to be driven by the initiative of research either pursuing their own individual research project or acting in collaboration with other departments. It offers research programmes, leading to the award of Ph.D degree. The University encourages and provides excellent opportunity for research in multidiscipline area. The university has a research board headed by Dean, Research, while other Dean &amp; Professors are the ipso-facto members of the Board. Currently 91 supervisors are looking after research work of 140 research scholar in different disciplines.</p> <p>The university has established an advance research center near Sambhar Lake to study the effects of climatic changes &amp; their remedial measures to mitigate the effects. Apart from the</p>

activities related Air & Water Modeling through centre of CAWM. A detail note of the same is enclosed. University is also running Centre for Excellence in the collaboration of Govt. of Rajasthan under the scheme of CEG as a Knowledge Dissemination Centre.

### **III.Observations of the Committee:**

1. The University is financially sound and capable to meet the present requirement.
2. The University has good infrastructure to accommodate the existing schools. The construction activities in the campus are in progress in a significant way.
3. The Board of Governors consists of prominent industrialists and academicians who are continuously extending support and guidance to the University.
4. The University has good curriculum, teaching and learning process, examination and evaluation system.
5. The University has well established eligibility criteria for admission to courses.
6. The University has representation of students from a large number of states.

7. University has provision of scholarships on the basis of merit and merit-cum-means. The broad range of scholarships available to students is as per the University policy.
8. The Expert Committee found that the faculty members and students were generally satisfied with the functioning of the University by the management.

#### **IV. Specific Observations of the AICTE Nominee:**

1. The University has adequate infrastructure and academic facilities to offer the courses and further additions and renovations are being carried out.
2. The University has large number of regular faculty. However, most of them do not have Ph.D. qualification. The University should encourage the faculty to attain Ph.D. Degree.
3. University should recruit Ph.D. qualified faculty to fill in the positions/likely vacancies at the earliest possible.

#### **V. Suggestions of the Committee.**

University needs to procure additional and latest equipments required for conducting practical and carrying out research programmes especially in Microbiology and Biotechnology. Additionally, there is a need to procure equipments like NMR. IR Mass spectroscope etc. as these are necessary for meeting the requirement of courses like quality assurance and analytical pharmacology

The University should involve industry personnel in curriculum development and teaching. The University should explore the possibility of entering MoUs with the corporate and institutions and the faculty should develop interactions with industry by undertaking joint projects and should formulate research projects and compete to obtain external funding.

University should take necessary steps to recruit more faculty members having a Ph.D. Degree.

University should be asked to adopt the UGC (Minimum Standards and Procedures for Award of M.Phil./Ph.D. Degree), Regulations, 2009 dated 1<sup>st</sup> June 2009 as it is applicable to every University.

University may create residential facility for the faculty at the earliest.

University may be asked to bring down the fees of the courses for needy and brilliant students, if possible.

University should establish Health Centre with full time medical officers, appoint a Director (Physical Education) so that the sports activities are geared up. University should establish a Counseling Cell for the students.

The examination fee especially the late fee for appearing in the examination should be rationalized to protect the interest of students.

Every student should be provided a Brochure containing all relevant information in respect of examinations and evaluation system well in advance. The University should be advised strongly against claiming distinction and excellence based on erroneous data and advertising its courses and programmes in a way that misleads the general public and the student community.

It should be brought to the notice of the University that service of the faculty members may not be availed for advertising for admission and that private institutes run by faculty members or any member of the management may not be used by the University to enlist admission or give training to the students of the University.

It is most essential that faculty members receive adequate training by enabling them to participate in refresher / orientation courses and undergo training. The University should fund the faculty improvement programme towards this end.

The University should earmark a certain percentage of the revenue generated for research undertakings by faculty members as well as support the participation of faculty members in international conferences / seminar etc.

It will be necessary for the University to support expenditure for high end laboratory equipment and this must be done expeditiously.

The University should introduce a rational salary structure, consistent with the standards as set-out in terms of Sixth Pay Commission recommendation as soon as possible.

The UGC should review the implementation of the recommendations of the Committee by the University within three years.

#### **IV. Recommendations of the Committee:**

In view of the above facts and observations, discussion with students, teachers and members of management, the Expert Committee is of the opinion that the Suresh Gyan Vihar University, (A Private University), Mahal Jagatpura, Jaipur, Rajasthan, established by an Act of State Legislature, is a fit case for recognition by the UGC and unanimously recommends for the same. This Committee is also of the view that the University may be asked to take suitable corrective measures on the suggestions made above by us and submit the compliance to the UGC.
