The Committee also interacted with the non-teaching officers and staff to know their requirements for better functioning of the University. The Committee had interaction with the students also to assess their needs. On the basis of the observations and interactions of the Committee the following recommendations are made;

- 1) The Committee appreciates the efforts of the University to introduce several relevant courses, in consonance with the objectives of the University. The

Committee also feels that adequate infrastructural facilities, particularly, in terms of space, laboratory and faculty positions are yet to be developed since the University has been declared fit for Central assistance under section - 12 (B) of the UGC Act, 1956 at the end of 2007 only.

- 2) The Committee further observes that the facilities like academic block, Hostels for Girls and Boys, Health Centre, Teachers' Quarters, Sports Complex, etc. are urgently required for growth of the University in such a remote rural area to attract talented persons to serve in this area and students as well.
- 3) The Committee emphasized the need of departmental infrastructure like buildings, faculty rooms and teaching aids.
- 4) Having a University wide Network / Internet facility supporting administration and all Depts. is very critical for the delivery of teaching and research.
- 5) University should explore to subscribe online journal resources to facilitate teaching and research.
- 6) To promote local entrepreneurship, relevant training programmes must be explored particularly in area of floriculture, medicinal plants and granite development.
