### 9. Central facilities recommended:-

The entire team of Visiting Committee visited existing central facilities of the university. The status of each Central facilities together with observations and recommendations of the Committee are given facility-wise :-

#### LIBRARY

The Central Library of Kuvempu University has magnificent building reading rooms, stack rooms, reference books and journals and computer and internet facilities. It has 1,00,000 books, 265 printed journals including international journals and over 4500 electronic journals through INFLIBNET.

The Library has received UGC INFLIBNET grant for computerization and its connectivity to the libraries of the other universities. The Library is equipped with requisite number of Xerox machine, computers and internet facility for the use of the staff and the students.

The Committee advised that details in respect of books and journals should be available on computer for their easy accessibility. The Committee recommends Rs. 80.00 lakhs for books and Rs. 20.00 lakhs for journals to be procured in the Central Library. In addition, the amount recommended by the Committee for books and journals, include provision for steel racks and computerization of Central Library.

The Committee also recommends Rs. 10.00 lakhs separately for Library of the Devangare Centre for books and journals, steal racks and computerization of the Library.

The Committee recommends following grants for the Libraries :-

1. Central Library at main Campus : Rs. 80.00 lakhs
2. E-Journals + Printed journal : Rs. 20.00 lakhs
3. Library at PG Centre at Davengere Centre : Rs. 10.00 lakhs

#### GAMES AND SPORTS

The University is developing an excellent outdoor stadium. It has indoor stadium for various games being played in the University at its own level.

## **HEALTH CENTRE**

The University set up a Health Centre. The Centre is headed by a Visiting Medical Officer. The Centre has basic infrastructure and facilities for day to day need of outdoor patients. It, however, does not have facilities for indoor patient.

For students and teaching and non teaching staff and their families on the campus, the Committee strongly recommends Rs. 05.00 lakhs for the following facilities to be created at the Health Centre :-

1. Facility for Indoor patient
2. Facilities to attend the serious emergency cases etc.
3. Engaging the Ayurvedic/Homeopathy specialist on visiting basis

## **POSTGRADUATE CENTRE, DAVENGIRI**

The Centre is located about 100 kms away from the main Centre.

## **HOSTELS**

Regarding the student hostels, it must be stated that residential rooms are reasonable. But there is a serious deficiency in the number of rooms. At least another 30 rooms need be constructed under Women Hostel. In addition, the kitchen and the dining hall of Ladies Hostel has to be modernized in view of its bad condition. Similarly the mess facility for the men students be reopened after modernization, so that they can operate under 'dividing system' in order to give them clean food at reasonable rates without any subsidy. The Committee recommends sum of Rs. 50.00 lakhs for Ladies Hostel and another Rs. 40.00 Lakhs for Men's Hostel under Young University Special Scheme.

## **INTERACTION WITH STUDENTS, RESEARCH STUDENTS, TEACHING STAFF & OFFICERS**

The students were of the opinion that the teachers may be trained in innovative methods of teaching. Efforts may be made to improve quality of teaching by using ICT during teaching – learning process. The laboratories may be enriched and upgraded from time to time. The facilities, like water, conveyance, Internet, etc. may be provided. Efforts may be made to develop soft skills, English Communication, personality, etc. Hospital facility may be made available in the night also. The syllabus of different courses should be comparable with other Indian Universities.

The teachers put emphasis on having ICT enabled classrooms. They wanted to have staff development programmes related to Innovative Methods of Teaching & Evaluation, Research Methodology, Language skills, etc. from time to time. The facilities, like faculty club, staff quarters, conveyance, etc. may also be provided.
