Subject: ACADEMIC INTEGRITY AND RESEARCH QUALITY

Respected Madam/Sir,

The University Grants Commission, in its incessant endeavour to ensure quality and excellence in higher education, has taken the initiative of "Quality Mandate" which emphasizes the importance of promoting high-quality research and creating new knowledge by faculty members. In this regard, UGC established a Consortium for Academic Research and Ethics (CARE), a step towards enhancing research capacity, nurturing research culture and promoting academic and research integrity as well as publication ethics in the Indian Universities and Colleges.

Taking forward this initiative, UGC has now come out with a book on "Academic Integrity and Research Quality" which comprises 16 well-researched articles covering the basic parameters of ethics, publishing codes, and principles of research across diverse disciplines. It is available as a e-book on UGC website (<https://www.ugc.ac.in/ebook.aspx>).

All the universities and colleges are advised to take appropriate measures to adopt academic research practices for the community of researchers to improve the quality of research and academic integrity as well as publication ethics mentioned in the book.

With kind regards,

Yours sincerely,

(Rajnish Jain)

To,

- The Vice Chancellor of all Universities
- The Principals of all Colleges
