D.O.No.F.1-12/2014(CPP-II)

December, 2015

Dear Sir/Madam,

An institution of higher education, among other things, is mandated to discharge two primary functions i.e. to educate the students and to enhance the frontiers of knowledge. While the former implies leveraging significant pedagogical tools and methodology, the latter relates to the ways in which research activities are undertaken and optimized within the institution. Inarguably, the success of an institution can be measured by the scale of excellence it has accomplished on these parameters. UGC has been keenly aware of the complimentary relationship obtaining between these seminal aspects of higher education. As a way of streamlining and upgrading the standards of research carried out in different disciplines in the institutions of higher education in the country, UGC desires to outline the roadmap for various research schemes of UGC for next 10 years. UGC has constituted an Expert Committee to deliberate on this important issue and give its recommendations to UGC.

The members of the Committee feel that feedback from universities on the impact and outcome of various research schemes of UGC will help them understand the research needs of the institutions. Further, the statistics thus generated will also help them identify the gaps regarding issues like fund disbursal, impact analysis, method of monitoring and frequency of interface. Enclosed herewith is the pro forma which you are requested to populate with inputs and data pertaining to your university and mail it back to ugcresearchroadmap@gmail.com within 30 days positively.

UGC is committed to principles of excellence, equity, access in higher education and recognizes the importance of your unremitting support in translating them into reality.

With kind regards,

Yours sincerely,

(Jaspal S. Sandhu)

The Vice-Chancellor of all Universities

PRO FORMA FOR ASSESSMENT/ANALYSIS OF UGC RESEARCH SCHEMES
