D.O.No 1-13/2013 (CPP-II)

5<sup>th</sup> December, 2013

Dear Sir/Madam,

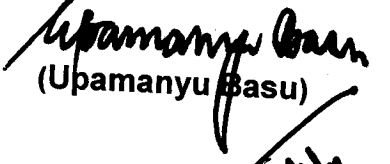

As you are aware, India observes 28<sup>th</sup> of February as National Science Day. The theme selected for the National Science Day 2014 is "Fostering Scientific Temper". National Science Day (NSD) offers an opportunity for focusing on common issue and consolidate our actions.

In order to observe National Science Day in a befitting manner, the educational institutions in the country should celebrate the National Science Day in a befitting manner by organizing following activities:

- i. 'Open Day' for the public, science exhibitions, popular science lectures, films and slide shows on scientific topics.
- ii. Bringing out books, special supplements in newspapers and dedicated programs in the electronic media.
- iii. Seminars and symposia, special meetings and functions.
- iv. Competitions for students of colleges and universities.
- v. Creative involvement of officers and staff from administrative and finance wings of the institutions etc.
- vi. Any other activity incidental or relevant to the event.

This may also be brought to the notice of the colleges affiliated to your University.

Yours sincerely,

  
(Upamanyu Basu)  
2/12/13

Vice Chancellors  
(All universities)
