UNIVERSITY GRANTS COMMISSION
GUIDELINES FOR GENERAL DEVELOPMENT ASSISTANCE TO COLLEGES
DURING THE TWELFTH PLAN PERIOD

A. Introduction

1. Development of colleges, which are responsible in a major way for undergraduate education and to a great extent even for postgraduate education, is an important area in higher education, from the point of view of maintenance of proper standards, ensuring optimum utilization of facilities, promoting innovation and change, linking education to emerging career patterns, equalization of educational opportunities for the weaker sections of the society, particularly the Scheduled Castes/Scheduled Tribes and those belonging to the educationally backward areas. The development assistance to colleges should be focused to support the teaching-learning process by upgrading basic infrastructure like library, laboratory, connectivity etc.

2. The developmental needs of the colleges will have to be carefully identified so that the resources are mainly utilized for such programmes which can make an appreciable impact on the improvement of standards through modernization and rationalization as well as the diversification of undergraduate courses in Humanities and Social Sciences, Sciences, Commerce etc. in the colleges, especially to relate them to career opportunities.

3. However, the emphasis should be on the expansion and consolidation of facilities in the existing institutions. The State Governments must try to bring non-viable colleges with low enrolment and inadequate facilities into one conglomeration so that their developmental needs can be addressed by the Commission. New Colleges may be set up in educationally backward areas where adequate facilities for higher education do not exist.

4. Sufficient opportunities should be made available to the students to choose the course best suited to their interest and capability.

5. Grants under General Development Assistance will be provided as a Block Grant, with the flexibility to incur expenditure as per the needs of colleges. Percentage allocation under Grant-in-Aid General (31) and Capital Assets (35) will be in the ratio of 20:80 basis. General Development Assistance covers expenditure for the development of undergraduate & postgraduate education, and building construction.

B. Objectives:

1. To provide grants to the colleges for strengthening basic infrastructure and meet their basic needs like books & journals including book banks, scientific equipment, campus development, teaching aids and sports facilities.

2. To provide assistance for extension/renovation of existing buildings and construction of new buildings.

3. To provide assistance to the colleges catering to the needs of the students belonging to the SC, ST, OBC(non-creamy layer)/Minority communities as well as Physically Challenged and economically deprived students coming from families Below Poverty Line (BPL) as per definition adopted by the Stat Government/UT/Central Government concerned.
4. To encourage outreach activities, adult and continuing education in the neighboring areas so that the society as a whole, where the college is located, is benefited.

5. To provide facilities for women.

6. To support competence building initiatives and promote multicultural activities in colleges, especially for teachers.

7. To accommodate innovative ideas to influence teaching, research, academic excellence and societal growth.
