

**INSPECTION REPORT FOR STATE PRIVATE UNIVERSITY**  
**Centurion University of Technology and Management (CUTM)**  
**At: R. Sitapur, Via: Upplada, District Gajapati (Orissa)- 761211**

**I. Background of the Institution:**

The Centurion University of Technology and Management was established as a State Private University, in 2010, by an Act of the Orissa Legislative Assembly. However, the journey of the Centurion Group of Institutes, now the Centurion University of Technology and Management (CUTM), actually began in 2005 when a group of Professors [Prof. Mukti K Mishra, MA (Applied Eco), MA (Pub Admn.) (Utkal University, India), MBA & PhD (Victoria University, Australia-APS Scholar), Prof. D.N. Rao, IIM (C), British Chevening Scholar and former Professor of XIMB, and Prof. D.K. Mishra, MTech (Oklahoma), Ph.D. (Ann Arbor, Michigan)] took over an ailing engineering institute – Jagannath Institute for Technology & Management (JITM) - which was set up in 1997 at the behest of the-then Prime Minister of India, Shri P.V. Narasimha Rao.

The University currently includes a School of Management, School of Technology and School of Vocational Education. The main campus of the Centurion University is at Paralakhemundi, in Gajapati District (southern Orissa), and its constituent campus, is located at Bhubaneswar. Both the Institutes have been running with all required approvals of Government of Orissa and AICTE since 1997 and 2008, respectively.

The University is also involved in many social and environmental programs, undertaking disaster risk reduction, environmental and entrepreneurship training, vocational training, and social development initiatives.

Gajapati District, where the University is located, is one of the poorest districts in Orissa State, which appears in the Prime Minister's "100 poorest districts of India" list and one of the 31 "Most Extremist Affected Districts" (MEAD) of India. The GER of the district and region is below 7% whereas the GER of the state is 13%. Gajapati is a Scheduled District and has been brought under special focus (Biju Kandhamal – Gajapati Yojana). by the Government of Orissa. Since the Institute was taken over by the founders of the Centurion Group in 2005, committed and sustained efforts have been made to bring about a difference both academically and socio-economically to this district in particular and the area (comprising Koraput, Malkanagiri, Bolangir, Kandhamal, Rayagada and Boudh Districts) in general.

The School of Vocational Education of Centurion University (through its social outreach Gram Tarang) is one of the first partners of the National Skill Development Corporation (NSDC), with an agreement to setup over 50 skill training and capacity building centres across the country. Centurion has entered into a partnership with the Government of Orissa, the Government of India and non-governmental agencies to provide capacity building training with post-training job assurance for BPL, SC and ST youth.

The focus of Centurion has been to create opportunities for earning a decent and sustainable livelihood through self-employment and employment of young people from marginalised communities of rural and remote areas. The training programs of Centurion University have also been nationally and internationally recognised.

Since its inception, the Centurion University has drawn upon the experience of highly qualified faculty. Centurion University's School of Business in Paralakhemundi (known as the Centurion School of Rural

Enterprise Management or CSREM) has achieved an A+ rating in Business India's annual review of all business schools in India. The members of the faculty have played a pivotal role in shaping the character of the University as a centre for excellence in technical education. The University is committed to strengthening its infrastructure on a continuous basis, and has established an optical fibre backbone for the campus-based intranet. CUTM has upgraded its VSAT based Internet connectivity by establishing 10-Mbps leased line, which runs through the entire campus. The University is committed to providing seamless Internet connectivity round the clock to all students and faculty.

To provide comprehensive education, that is, hands-on knowledge, practice oriented approach and experience based learning, the University has set up Social Entrepreneurship Outreach Entities, such as:

- **Gram Tarang Employability Training Services:** A skill building initiative focused on socially and economically challenged sections of society, especially school dropouts in rural Orissa, providing thorough technical training, developing social and behavioral traits of candidates to make them ready for employment. The spectrum of training also covers candidates having higher degrees but who are not ready for industry. The sectors and portfolios of training are:

**Industry Sectors:**

Core Engineering & Manufacturing (Mechanical, Electrical, Electronics, Fabrication)  
Automotive| Apparel & Textiles | Mining, Construction & Allied | Retail & Hospitality |  
Banking & Finance | IT & ITES

**Skills Portfolio:**

Industrial Fitter | Machinist | Welder | Electrician | Auto Mechanic | Service Technician |  
CAD/CAM | Driver | Electronics Repair | Sewing Machine Operator| Retail Salesperson |  
Front Office Assistant | Data Entry Operator | BPO Operator | DTP | Hardware & Networking  
| Banking Correspondent (BC) |Rural Retail Banking Facilitator

**Diploma, B Tech**

SAP | JAVA | CNC Programmer | CAD/CAM | VLSI Design | Robotics | CCNA | PLC & Industrial  
Automation| Electronics Repair | Advanced Welding Techniques| UNIX/LINUX System  
(Fedora) | Computer Hardware & Networking (MCSE) | Computer Hardware and Chip level  
desktop

**Gram Tarang Financial Services:** A Microfinance Institution (MFI) and registered NBFC founded with a mission to promote entrepreneurship and extend financial services to marginalized groups, women and the youth with special emphasis on providing disadvantaged youth with Education Loans for skill training through funding of up to 50% of training course fees to the youth at low interest rates. The loan size varies between INR 10,000 & 20,000.

- **Gram Tarang Foods(Agriculture):** A food processing and marketing initiative that focuses on creating more value for the agriculture produce nearer to the source of production through processes like spice oil extraction and also by offering alternative opportunities for employment to the local populace. Gram Tarang foods operates the following projects:
  - Seeds: Project to provide foundation seeds, source, process, clean, brand and market seeds for agriculture amongst local community of farmers in South Orissa in partnership with State Seed Corporation and National Seed Corporation.

- **Gram Tarang Inclusive Developmental Services** - Gram Tarang Inclusive Development Services with technology partners like Atyati and banks such as Punjab National Bank, Andhra Bank, Indusind Bank, United Bank of India & Union Bank of India has already employed 4,000 Banking Correspondents across 9 states.

## II. Composition of the Expert Committee:

<p>1. <b>Prof. Amit Roy</b>          Director, Inter-University Accelerator Centre,          Aruna Asaf Ali Marg, Post Box No 10502          New Delhi - 110 067, India          Tel: +91-11-2689-3045(Office), +91-11-2689-3513(Res)          Fax: +91-11-2689-3666, 2612-1960          e-mail: <a href="mailto:roy@nsc.ernet.in">roy@nsc.ernet.in</a>,</p>	<p>Chairman</p>
<p>2. <b>Prof Raj S. Dhankar, PhD</b>          Head &amp; Dean          Faculty of Management Studies          University of Delhi, Delhi 110007,INDIA          Phone: (011) 27667877, Fax: (011) 27667183          Mobile: 9873164205          E-mail: <a href="mailto:raj_sdhankar@rediffmail.com">raj_sdhankar@rediffmail.com</a></p>	<p>Member</p>

**IV. Status of the University as per UGC (Establishment of and Maintenance of Standards in Private University) Regulations, 2003:**

<b>Sl. No</b>	<b>Item</b>	<b>Information/ Data Obtained</b>
<b>01</b>	Whether this University has been established by a separate State Act, Indicate the name of the Act.	<p><b>Yes</b></p> <p>Centurion University of Technology and Management (CUTM) Orissa Act, 2010; Gazette Notification No: 1355, dt. 27-08-2010, Orissa Act 4 of 2010</p> <p>(Provided in <b>Annexure- A</b>)</p>
<b>02</b>	Is it a unitary University having adequate facilities for teaching, research, examination and extension services specify in brief.	<p><b>Yes</b></p> <p><b>Facilities:</b> The University has required classrooms, labs, workshops and ancillary supports. Actionable research is being promoted.</p> <p><b>Research:</b> The University is quite sensitive to the local needs and availability of indigenous raw materials. Hence, research is encouraged to address community problems and create livelihoods. The University has also received Mondialogo <b>Engineering Award, by UNESCO &amp; Daimler Chrysler, Germany</b> for research on solar power on which The Economist carried an article.</p> <p>The University has keen interest in the automobile sector and is engaged in production-cum-research.</p> <p>Advanced labs are being set up for in-house research and to promote ideas which will have social implication and commercial viability.</p>

		<p><b>Examination:</b> The University has zero tolerance for plagiarism in any form and a robust examination system with comprehensive guidelines which are in place for postgraduate and undergraduate programs.</p> <p><b>Extension Services:</b> Career counselling is inbuilt into the academic modules and intensive training programs are being imparted to develop students as per the industry requirement. Partnerships with various companies are in place for Campus Recruitment. The curricula are being developed in consultation with industry partners and constant feedbacks are sought to challenge and improve upon existing curricula. Continuous Language training is being embedded into curricula since that is the biggest challenge any institute in this region is facing. Capacity building and skill improvement of students are assigned substantial importance through hands-on knowledge, practice oriented approach and experience based learning. Entrepreneurial streaks are being nurtured with compassion. University has partnerships with SAP, Cisco, Sun, IBM, Infosys, IIT and receives substantial corporate support which is quite unique and note worthy.</p> <p><b>[Exam Manual provided at Annexure-J. Article of The Economist on Solar LED lights, list of various industry-partnership for campus recruitment communications - provided in Annexure P]</b></p>
03	<p>(i) Has the University opened any off campus centre(s)/ study centre/ off shore campus centre(s) outside the State/country. (ii) If yes, whether the University has taken approval of concerned State Govt./UGC before starting the centre(s). Give details of each centre in terms of infrastructure students, faculty and other academic facilities etc. (iii) If the University has opened off-shore centre.</p>	No

	If so, whether the approval of the Government of India and Govt. of host country taken. Give details and enclose documents, if any.	
<b>04</b>	<p>Whether the University fulfils the minimum criteria in terms of programmes, faculty, infrastructural facilities, financial viability, and other physical and academic infrastructural requirements as laid down from time to time by the UGC and other concerned statutory bodies such as the All India Council of Technical Education (AICTE), the Bar Council of India (BCI), the Distance Education Council (DEC), the Dental Council of India (DCI), the Indian Nursing Council (INC), the Medical Council of India (MCI), the National Council for Teacher Education (NCTE), and the Pharmacy Council of India (PCI) etc as the case may be.</p> <p><b>(Specific observation of the nominee of the concerned statutory council(s) may be given)</b></p>	<p>Courses being offered by the University have AICTE approval.</p> <p>Cadre ratio as per AICTE norms is missing and should be improved. More number of faculty positions in higher cadre need to be created. Faculty Development programmes and research activities are to be enhanced. Infrastructure is required to be enriched with more number of laboratories with permanent structure. Other physical facilities, viz. Hostels for boys and girls, mess, faculty quarters, games and sports, canteen, on-call facility for doctor, dispensary in campus, post office, and guest house exist. Civil Engineering, Computer Science &amp; IT Departments require to be strengthened further. Basic Science labs (Physics and Chemistry) need to be upgraded. With the University status from the State, subscription of more number of International Journals of repute and reference books are required to be added. As such, it fulfils the minimum eligibility criteria in terms of Infrastructure (Academic, Administration and Circulation area). The Examination Section need to be strengthened.</p> <p>Endowment fund of Rs.3 crore has been created and deposited in Nationalized Bank. The other funds are mobilised from students' fees, support from Government, etc.</p>
<b>05</b>	Whether the courses of studies prescribed for a first degree and /or post graduate degree/ diploma programs have been approved by the respective academic	<p><b>Yes</b></p> <p><b>The Certificate is provide in Annexure Q</b></p>

**V. Observations of the Committee.**

The Observations of the Committee are valid for the Paralakhemundi Campus only and the Committee has not visited the Engineering College at Jatni, Bhubaneswar.

The Committee appreciated the vision and mission of the management of CUTM in the development of Engineering and Management education along with making an overall impact on the economy and social development of the region.

Despite being located in a minority dominated backward district of the State, the CUTM has been successful in making rapid progress in the last few years in increasing the enrolment of students and expanding the infrastructure.

Although the minimum eligibility requirements of the infrastructure and faculty are met, both need to be strengthened.

Provisions need to be made for the physically handicapped. More emphasis needs to be put on Environmental Studies with additional faculty.

Humanities and Social Science course credits need to be enhanced and more faculty in this area should be inducted.

**VI. Suggestions of the Committee.**

1. There is a shortfall in enrolment of SC/ST students although CUTM is situated in a rural area which has large tribal population. This may be bridged by outreach programmes for schools in the region, where scholarships for students from the neighbourhood schools may be instituted by CUTM and these students be continuously monitored and nurtured, say from Class VII-VIII onwards.
2. More faculty positions need to be created and incentives should be provided to the faculty for pursuing research. This is an area which was found to be weak at present.
3. New trades should be added under vocational training considering local resources and needs. The faculty and staff of all the departments should jointly work on it. Linkages with National Innovation Foundation should be established.

**VII. Specific Recommendations of the Committee.**

Although the total number of faculty is adequate, the cadre ratio needs to be maintained. The Committee is of the opinion that the said Private University (The Centurion University of Technology and Management) fulfils the criteria as laid down by the UGC and Statutory Body (AICTE).

## UGC TEAM
